I have restrained Urd
She won't interfere again.
You gave Heimdall's right eye back to him and possessed his body,
Baldur?

No one will interfere any more. Odin is dead. Urd will become my bride
Urd is restrained, so she can't come to this world on her own

And until now, you've been sending assassins without being able to come to Earth in order to control Odin
Quite an oppressive life, isn't it, Baldur?
